Travel Safe

When using your debit card in Tennessee, you should always process it as a CREDIT. Choosing "CREDIT" will give you more rights for disputes, returns and fraud protection. When traveling outside Tennessee, you should process transactions as a DEBIT and use your PIN whenever a PIN PAD is available. At restaurants, you can process it as a CREDIT since PIN PADS are not available.

Avoid getting your card temporarily blocked. You should contact the credit union IN ADVANCE of any out of state travel plans. Our 24/7 Fraud Detection System monitors transactions outside your normal area and may temporarily freeze your card until they contact you to confirm that you authorized the transaction. If you have any questions, feel free to contact our E-Services Department at (865) 523-0758 ext 384.
